

Patient Financial Responsibility Policies & Agreement

In order to establish clear and straight-forward communication between our patients and practice, TotalCare has adopted the following policies. If you have any questions regarding these policies, please feel free to ask the front office staff to clarify the policies to you. We are dedicated to providing the best possible care and services to you. We regard your complete understanding of your financial responsibilities as an essential element of your care and treatment.

Payment Policies:

It is our office policy to collect payment when you arrive for your appointment. This includes co-payments, estimated co-insurance & deductibles, and outstanding balances. We reserve the right to re-schedule your appointment until such payments can be made. For your convenience, our office accepts cash, debit, credit cards and money orders. There is a \$35 fee for any returned items including mailed payments and reversed credit card charges.

Non-Insured Patients:

Patients without insurance must pay the discounted office visit fee prior to seeing the provider. If additional services (ex: injections, labs, testing, etc.) are required/elected, payment will be collected prior to receiving services. If payment is not received at time of service, a statement will be sent.

Insured Patients:

We have contractual agreements with many insurance health plans to accept an assignment of benefits. This means that we will bill those plans for which we have an agreement and will require you to pay the authorized co-payment, co-insurance or deductible amount due per your insurance's Explanation of Benefits. You could be billed for any remaining amount after the services are rendered.

If you have insurance coverage with a plan we do not have a contractual agreement with, the charges for your care and treatment are due at the time of service. In the event that your health plan determines a service to be "non-covered" or out-of-network you will be responsible for the negotiated rate for the services performed.

If you have an insurance that requires you to select a Primary Care Provider/Manager (PCP or PCM), you will need to contact your insurance prior to your visit to ensure that a TotalCare physician is assigned to your policy. If you do not have a TotalCare physician selected as your PCP/PCM, you will be considered non-insured.

Assignment of Benefits (required to file insurance claims):

I hereby assign all medical benefits to which I am entitled to TotalCare and any of its subsidiaries. I hereby authorize my insurance carrier to issue payments directly to TotalCare for medical services rendered regardless of my insurance benefits. I understand that I am responsible for any amount not covered by insurance.

Authorization of Release of Information (required to file insurance claims):

I hereby authorize TotalCare and any of its subsidiaries to: 1) Release any information necessary to insurance carriers regarding my illness and treatments. 2) Process insurance claims generated in the course of examinations and treatments. 3) Allow a photocopy of my signature to be used to process insurance claims for the period of a lifetime. This order will remain in effect until revoked by me in writing.

Extended Hours:

There is an additional fee for services rendered during our extended hours. These times include weekends, holidays* and after 5:00pm on weekdays.

*Holidays include New Year's Day, Good Friday, Easter, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas Eve, Christmas Day and New Year's Eve.

Allergy Services, Diagnostic Testing, Hormone Therapy and Surgical Procedures:

Please be aware of your insurance policy and coverage with regards to allergy services, diagnostic testing, hormone therapy & surgical procedures. TotalCare will verify your benefits for these services however, benefit quotes are only an estimate and you will be responsible for any outstanding charges after the claim processes. Patient responsibility estimates are due before any services will be performed.

Dental Visits, Motor Vehicle Accidents and Workers Comp:

TotalCare does not file with dental insurance or Worker’s Comp. For any dental related or workplace injuries, you will be considered non-insured.

TotalCare does not file with auto insurance. For any auto accident related injuries, TotalCare will collect as though you are non-insured. At your request, TotalCare will contact your medical insurance to confirm your coverage for auto accident related visits. Should you have coverage, TotalCare will file your claim to your medical insurance. If, for any reason, your insurance denies your claim or request a refund after paying your claim, you will be financially responsible for the entire billed charges.

Please see *Medical Records, Billing Records and Forms* section if you require medical records or forms related to an auto accident or a workplace injury.

No-Show Fee:

In the event that you need to re-schedule your appointment, please call at least 24 hours in advance. Failure to show for your appointment could result in being charged a \$35.00 No-Show Fee.

Medical Records, Billing Records and Forms:

In accordance with Texas Law, our office requires a signed written request (form available upon request or online) for the release of medical and/or billing records. Our charge is \$14.00 for the first 25 pages and then \$4.00 for each additional 10 pages thereafter. Please allow 15 business days from the day that payment is received to process your request.
